# HLH | High Level Electric Heater

## PRODUCT DESCRIPTION

Designed for general space heating applications, the High Level Electric Heater can be used in shops, workshops and warehouse.

All models are wired for 230V with a heat output of 3kW.

The attached bracket allows for either wall or ceiling mounting and for the adjustment of the direction of airflow for optimum heat distribution.

The high-level heater has a model option with an integral thermostat, which gives energy-saving temperature control at a low installation cost.

## FEATURES

- 3kW output, 230V input
- Adjustable bracket for wall or ceiling mounting
- Alternative keyhole fixing for secure installation
- Integral switches for heat selection and fan only
- Pre-connected cable for ease of installation
- Over temperature cut-out with power off reset
- Standard light grey textured powder coating finish (RAL7035)

HLH 3000

HLH 3000TB with integral thermostat

# HLH | High Level Electric Heater

## TECHNICAL SPECIFICATION

Product Code	kW	Volts	Length mm	Depth mm	Width mm	Weight kg
HLH-3000	3	230	450	110	170	4
HLH-3000TB	3	230	450	110	210	4

## INSTALLATION

The HLH-3000 is for high level mounting and must be mounted at a minimum height of 1.8m and, for optimum effect, the maximum recommended mounting height is 2.3m. The heater must be mounted horizontally. For general space heating the unit can be directed at an angle. The unit should be securely fixed using the adjustable mounting bracket. The mounting bracket allows easy wall or ceiling mounting. Alternatively the unit can be wall mounted using the keyhole slots in the back of the unit.

The HLH-3000 is only suitable for connection to a 230V single phase power supply and is supplied with a pre-connected cable for quick connection.

The HLH-3000 heater should be connected to a suitably fused power supply. Connection should be via a 2 pole switched connection unit having a contact separation of at least 3mm in all poles. All electrical connections should be made by a suitably qualified person in accordance with the latest edition of the IEE Requirements for Electrical Installation (BS 7671:2008).

## DECLARATION OF CONFORMITY

Name of manufacturer/supplier: Turnbull & Scott (Engineers) Ltd.  
Unit 1A,  
Burnfoot Industrial Estate,  
Hawick,  
Roxburghshire,  
TD9 8SL  
U K

Description of Product: High Level Electric Heater  
Model No: MP-HLH-xxxx.

Serial No: See product label

Year of Manufacture: See product label

Directives/Regulations to which the product conforms: 1. The Electromagnetic Compatibility Regulations 2016, with specific reference to BS EN 61000  
2. The Electrical Equipment (Safety) Regulations 2016, with specific reference to BS EN 60335-1:2012 and BS EN 60335-2-30:2009+A11:2012

Name of Authorised Representative: S.R.Mcilwain

Position of Authorised Representative: Technical Director

### Declaration

I declare that as the authorised representative, that the above information in relation to the supply/manufacture of this product is in conformity with the stated standards and other related documents following the provisions of UK legislation.

This declaration is issued under the sole responsibility of the product manufacturer.

Signed.
